

ITEM 25 PARISH COUNCIL SKATE JAM

The event was a success.

Rubicon reported;

Yes - the Easter event went really well - good turn out and great energy from the community.

Adam said it was the "best turn out yet" and that the parents and organiser he spoke with "were very happy and chuffed".

Some of the children that came along mentioned they would love coaching at their schools. I'm not sure if that's something that would be driven through you or the county council, but we'd certainly be happy to help provide some term time tuition if you have a way of spreading the word to local schools.

Hilary received the following feedback;

- One member of public gave their thanks to the PC for organising the event
- Another parishioner asked if HPC would consider installing calisthenics equipment at Horam Recreation Ground. He reported the adult equipment was very popular at Eastbourne and Worthing seafront

Tim did a great job of clearing the site. He also cleared the site at the end of the day too.

The scouts provided toilets for the duration of the event.

Cllr Billings arrived early just to double check everything was in place before Rubicon arrived.

Cllr Billings and Knight completed the morning shift 10.00 – 13.00 and Hilary stepped in to do the afternoon shift from 13.00 – 15.00

Cllr Sadler was on site throughout the day to provide refreshments to all.

The Little Dough Company were also on site to provide hot drinks.

No negative feedback has been received.

The advertising worked well. There were 3 banners, posters on Facebook and on the parish council notice boards. All local schools had promised to send a copy of the poster to children electronically.

The weather was good.

The next date booked is **Thursday 31st July.**

- Please note that I am on leave, but Hilary has said she is happy to cover the day
- I do not have confirmed availability for the toilets yet
- I have not got confirmation of Tim's availability either
